

WORLD STATISTICS DAY CELEBRATION IN ÅLAND ISLANDS

On October 20, 2010, information about the World Statistics Day will be published on the website of Statistics Åland. The international statistics network will be emphasized as well as the international collaboration of Statistics Åland. To exemplify international statistics, statistical data on area, population number and population density of all the countries in the world will be published, allowing for international comparisons. Additionally, website users will be guided into the world of international statistics by links to statistical organisations and national statistical offices. This will also be the first news article published on the Statistics Åland Facebook page, which is to be launched on the World Statistics Day.
