Dia Mundial da Estatística

20.10.2010

Celebrar os contributos e progressos das estatísticas oficiais

WORLD STATISTICS DAY CELEBRATION IN PORTUGAL

Statistics Portugal (INE) welcomes the initiative and joins the celebration with a programme of events and activities driven to raise awareness of the importance of official statistics and to highlight their key role in society.

INE thanks all respondents, past and future, for their participation in the surveys, without which high quality statistics would not be possible.

Main planned activities:

- Inform the public and stakeholders about the World Statistics Day through various ways including internet – www.ine.pt - electronic newsletters, stands at scientific events and Media.
- Publish a joint press-release with Eurostat and the Member-states of the European Statistical System.
- Place/distribute information in INE premises (Lisbon HQ and Delegations), in schools throughout the country and other national statistical organisations.
- Launch of a special publication which celebrates the **100th** editions of the Portuguese Statistical Yearbook.
- Organize two events on 20 10 2010:
 - A reflection within the Statistical Council on the role of official statistics in society: challenges and dilemmas;
 - A stakeholders and key users Seminar on «Poverty, Inequality and Material Deprivation in Portugal – 2004-2009», a new statistical output on the European Year for Combating Poverty and Social Exclusion.
