Where can I get tariff data?

Q: Can I get tariff information from UN Comtrade?

A: UN Comtrade does not include Tariff information. Tariff information can be obtained from the TRAINS database (see http://r0.unctad.org/trains/), which is integrated into the WITS software (see http://wits.worldbank.org/witsweb/default.aspx). The WITS software contains UN Comtrade data. For access to Comtrade data via WITS, you will need a subscription to UN Comtrade data.
