<td>1. Transportation</td>
<td>Besides the estimates mentioned above of the value of transport services connected with importing goods, the data are obtained from other sources. These are Georgian Railway Ltd, the ports and airports of Georgia. Besides, indirect estimates are carried out based on the Department of Borders Defense Information about transportation means.</td>
</tr>
<tr>
<td>2. Travel</td>
<td>The data on travel are compiled on the basis of the regular household survey. Additional information about business travel was collected from government structures. For indirect estimation, information from Department of Borders Defense is used about the persons entering and leaving the country. Also, the expenses abroad of those engaged in export-import operations in goods are estimated, and the expenses of those working abroad during less than one year</td>
