Monthly Bulletin of Statistics Tables

The International Merchandise Trade Statistics Section (IMTSS) of the United Nations Statistics Division (UNSD), Department of Economic and Social Affairs, produces analytical trade tables containing trade values and indices for countries (areas) and regions. These tables are published in the United Nations Monthly Bulletin of Statistics, which is also available online (http://unstats.un.org/unsd/mbs/default.aspx). These tables are provided at the following website http://unstats.un.org/unsd/trade/imts/analyticaltradetables.htm to give easy and immediate access to this data in their original table format. The latest tables become available and are posted in the last week of every month.
