How to get top ten commodities in UN Comtrade

How to get top ten commodities in UN Comtrade?

Q: I have been looking at your database to try and find the last 10 years export figures for Thailand, South Africa, Singapore and Korea. I am only interested in the top 10 commodities that are exported by each country.

A: The result of your query will depend on the classification and how much of a detailed commodity you use. In the standard query interface, you can select 'Advanced Items' and sort by using a maximum trade value such as > 100,000,000. For high-level data, such as 2 digits, the query can be retrieved easily.

Here, for example, is the top 4 digit data of Singapore export 2005, which is sorted by value > 10,000,000

http://comtrade.un.org/db/dqBasicQueryResults.aspx?cc=????&px=H2&r=702&y=2005&p=0&rq=2&tv1=0&tv2=1000000&so=1001&qt=n
